

DAMOCLES: BACK ON ITS ICE TRACK - PART 2

Over the 5-day period during which [DAMOCLES](#) was exhibited at [ESRIN/ESA](#), more than 500 people visited the exhibition. DAMOCLES is now getting ready for its next stop: the Snow & Ice Sculpture Festival in Bruges, Belgium.

Hosted at the [European Researcher's Night](#) as a contribution of ESRIN/ESA to the yearly event, about 400 external visitors and 150 ESRIN employees attended the exhibition between September 28th and October 4th 2007. The European Researcher's Night, organized by the [European Commission](#), aims to promote the role and importance of European scientific research and applications among the general public and younger generations.

DAMOCLES fulfilled its role. It is now time to move on to its next venue in Bruges, where it will be mounted from 23rd November 2007 until 13th January 2008. So, let's all head this way!
